

Complete Access is a long-established business offering solutions to difficult access projects, using Rope Access, MEWP and Portable Scaffolding.

Based in Warwickshire, we are centrally located to access the UK road network.

We have been delivering Rope Access operations since 2000.

We have the knowledge and skills to deliver inspection, survey and testing to buildings and structures.

Buildings & Structures

SURVEYS & INSPECTIONS

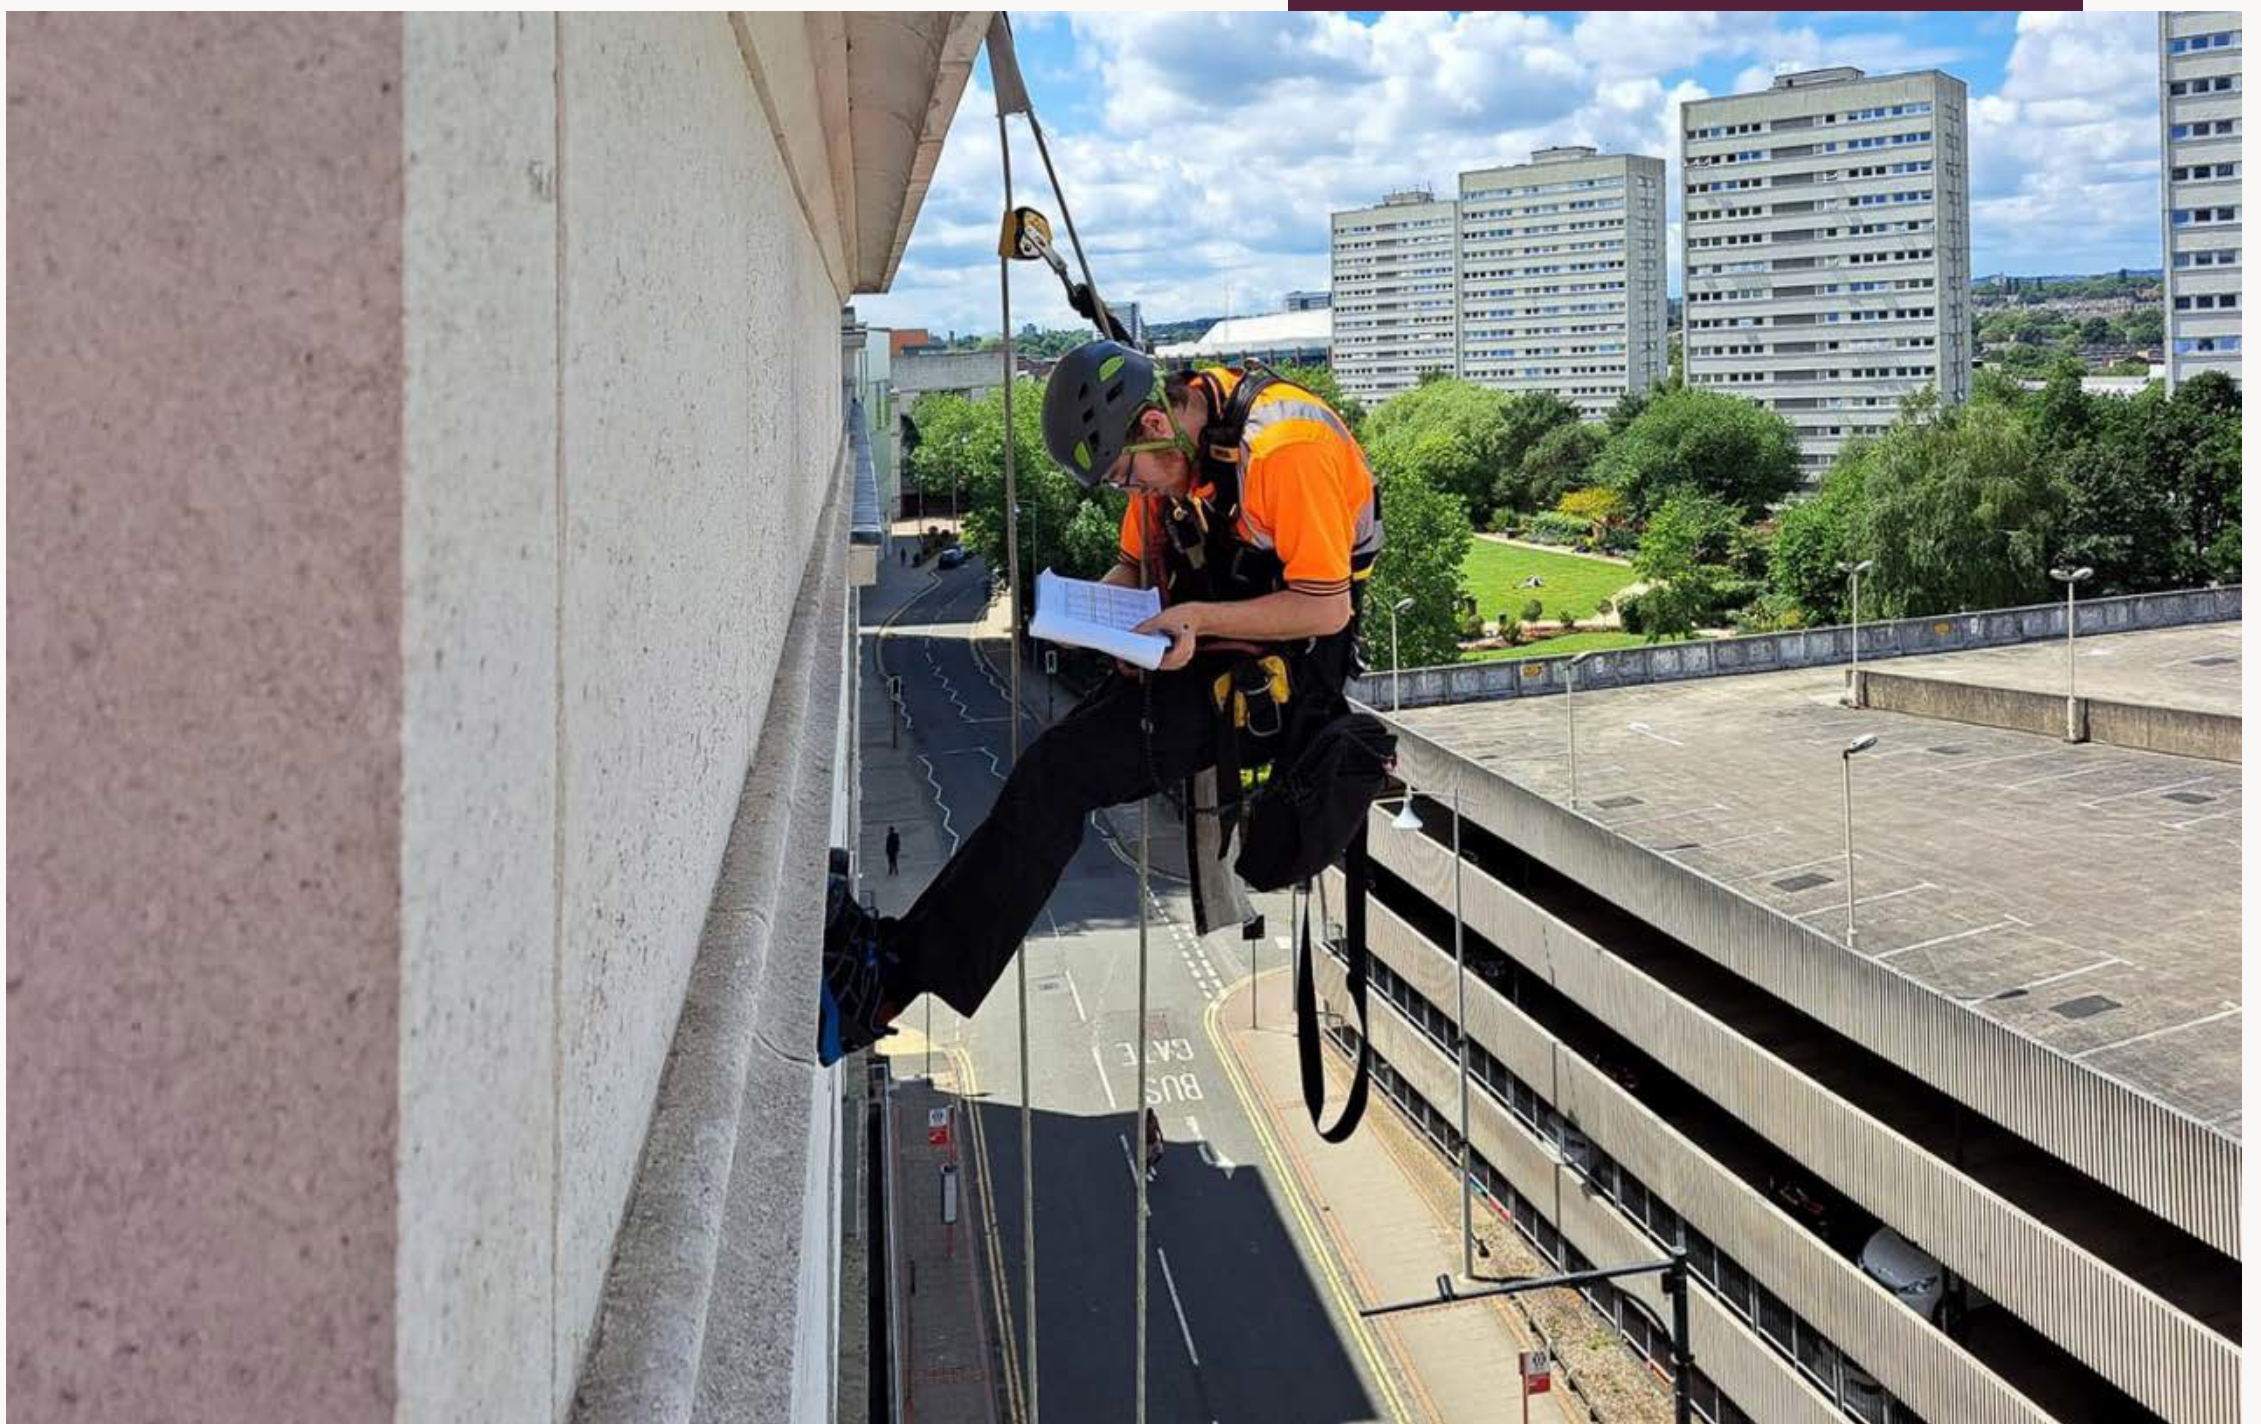

We offer a wide range of Building Structure Investigation Services. Our IRATA Surveyors can safely inspect and gather data about the structural integrity of your building or structure.

Asset Condition Surveys

What We Do

Visual Defect Surveys
Delamination Surveys
Carbonation Testing
Chloride Analysis
Wall Tie Surveys
Core Sampling
NDT Scanning

We use this specialist equipment on a regular basis, results can be used to form part of most concrete condition reports to buildings or structures.

We can undertake scanning to most hard-to-reach areas, whether it is on the side of a building or structure or below ground in a Confined Space.

On-Site Sampling & Reporting

Concrete Sampling

We can readily undertake, Carbonation Testing, Chloride Sampling and Core Samples for compressive or petrograph testing at a UKAS Laboratory.

On-Site Reporting

The effectiveness of Survey & Reporting greatly depends on the knowledge and experience of the inspection team and this is where our expertise offers tremendous peace-of-mind.

We provide concise reports that best suit your structure and requirements.

Meet The Team

We have a team of highly experienced surveyors, with a wealth of experience working on various structures, both above ground and under.

Our day-to-day operations are managed by our two IRATA Level 3 Supervisors, Mark Burkey and Jessica Burkey.

Not only are Mark & Jess time served IRATA Level 3 Supervisors but they are members of the UK Cave Rescue Team.
